CRITICAL SYSTEM ENGINEERING ACCELERATION

FINAL DISSEMINATION EVENT

IN CONJUNCTION WITH THE 5TH CONFERENCE ON INTEROPERABILITY FOR EMBEDDED SYSTEMS DEVELOPMENT ENVIRONMENTS*

Date: June 15-16, 2016

Location: Universidad Carlos III de Madrid, Avd. de la Universidad 30, 28911, Leganés

1.5 days full of highlights about the CRYSTAL approach in establishing and pushing forward an Interoperability Specification as an open European standard for the development of safety-critical embedded systems in the automotive, aerospace, rail and health care domain.

- Well-known **keynote speakers** will talk about inspirations in engineering in the future.
- **End Users and Tool Vendors** will explain how CRYSTAL has influenced their business from management perspective.
- In **technical presentations** you will get insight to the challenges and achievements in CRYSTAL.
- **Technical highlights** will be presented in the **exhibition area**.
- **Standardization Organizations** talk about experiences during the implementation of CRYSTAL use cases.
