

# OSLC Today

Initial Assessment

Sean Kennedy

# Four areas of focus

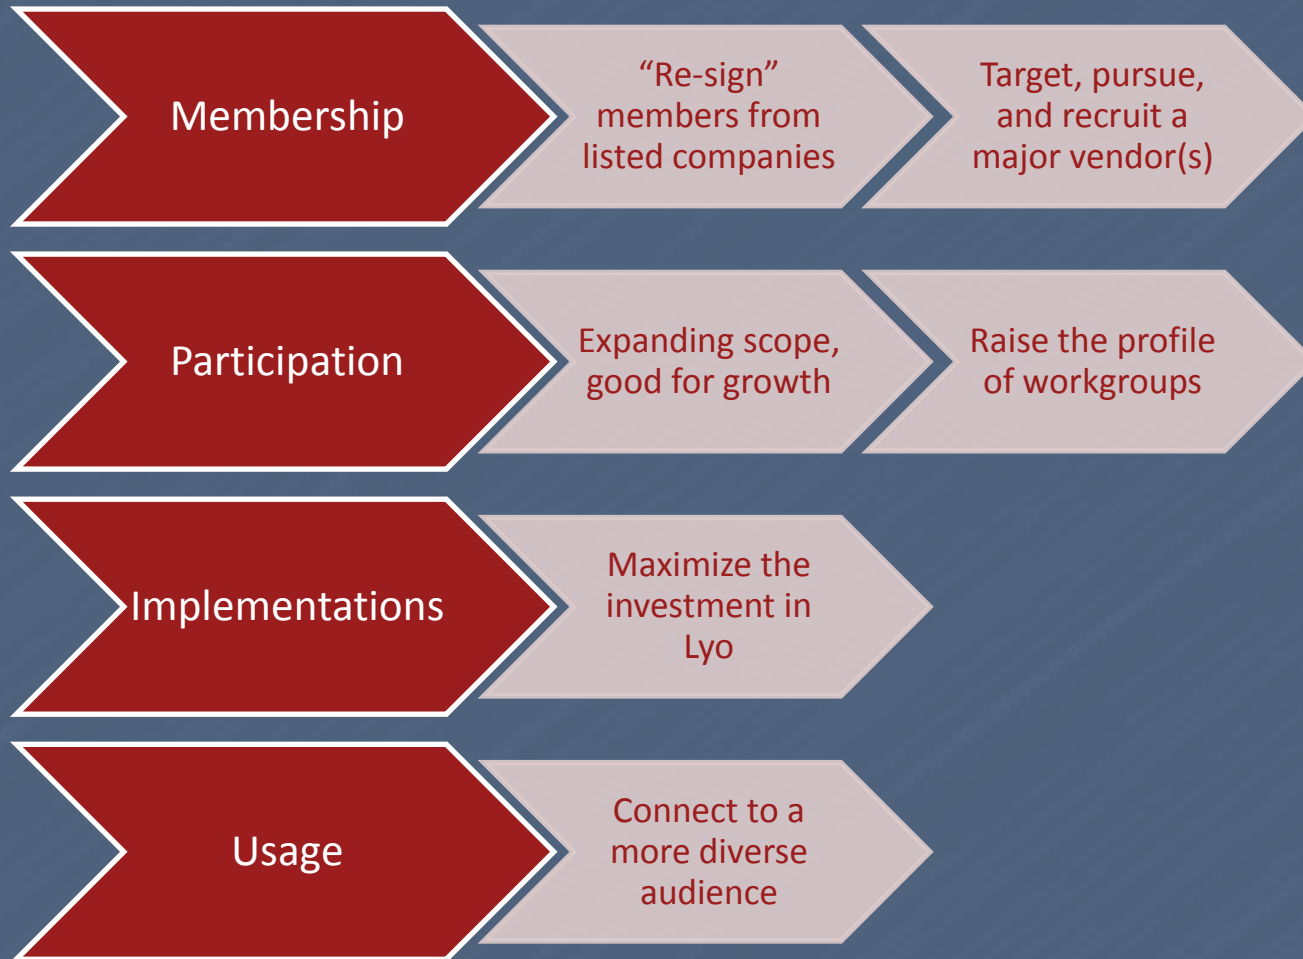

# Cross-cutting observations

- IBM continues to be dominant
- Working software overcomes objections and drives community growth
- The “OSLC approach” to Linked Data and integrations is being validated

# Analysis highlights

# Suggested actions

- Focus on implementers
  - Includes “big vendors”
  - Includes current implementers
  - Includes enablement
- “Re-sign” and re-engage past participants
- Improve marketing
